Interior Design Major

The Interior Design major requires a minimum of 120 total hours to graduate. This total includes UNIFI/General Education requirements and the following specified major requirements, plus electives to complete the minimum of 120 hours.

Admission to the University of Northern Iowa with an intended Interior Design major does not guarantee placement in the major due to the limited number of spaces available in the studio facilities.

Students majoring in Interior Design must satisfy the admission requirements including GPA, portfolio review/interview and the completion of specified courses before they can officially declare the major. A copy of the Admission Policy may be obtained from the School of Applied Human Sciences in Latham Hall. Prior to completion of the admission requirements, students may sign an intent to major in Interior Design and be classified as a (pre)major.

Minors

Textile and Apparel Minor

This minor is offered by the Textile and Apparel program housed in the School of Applied Human Sciences.

The Product Innovation minor provides students with the fundamentals of design thinking and human-centered, circular design that can form the creative basis for product design and development. It also addresses the influences of contextual factors on the creative process, development and branding of everyday products.

The Product Innovation minor pairs well with majors in field such as Business, Design, Health, and Technology.
