Schooling & the Future of Education Certificate

Schooling & the Future of Education Certificate

The Schooling and the Future of Education certificate is a nine (9) credit hour program designed to provide future educators the opportunity to examine and explore the recent, dynamic societal changes of the 21st century as educational problems. Students will investigate contemporary controversies, challenges, and issues surrounding P 12 education and will be given the opportunity to re-imagine the purpose and practices of schooling by applying interpretive, normative, and critical perspectives from the interdisciplinary field of Social Foundations of Education. This certificate is designed for students in Early Childhood Education, Elementary Education, and Secondary Education. The purpose of this certificate is to help future teachers think deeply and critically about contemporary educational problems through the lens of Social Foundations to support them in becoming advocates for inclusion, equity, and social justice in 21st century schools and communities.
