Master of Arts Degree Program

**Major in History**

Students interested in this program must submit a completed Application for Admission to Graduate Study and should refer to their MyUNIverse Student Center To-Do list or contact the Department of History for other application requirements. Graduate information and application for graduate admission can be found at www.grad.uni.edu/admission.

The Graduate Record Examination (General Test) is not required for admission to the program.
Only graduate courses (course numbers 5000 or above) will apply to a graduate program, even if the undergraduate course number (4999 or less) is listed. No exceptions will be made.

The object of this program is to prepare students for either further graduate study (thesis option recommended), teaching at the secondary or community college level (non-thesis option recommended), or history-related careers in government, business or private research (public history emphasis required). As a general rule, students should have a GPA of 3.20 or better for admission to the program. This major is available on the thesis and non-thesis options; a minimum of 30 semester hours is required for either option. The thesis option requires a minimum of 18 hours of 200/6000-level course work, including a total of 6 hours of HIST 6299 (960:299) (students choosing the Public History emphasis may complete a Thesis Project in place of a written thesis). The non-thesis option requires a minimum of 15 hours of 200/6000-level course work and the completion of a research paper. Prospective majors must consult with the department head about further requirements prior to beginning their programs.

For the thesis option, students must present a proposal for the approval of their Faculty Committee; pass an oral defense of the thesis; and, depending on the research emphasis, may be required by the Committee to demonstrate competency in a second language. For the non-thesis option, students must pass a written comprehensive examination in the primary field and an oral comprehensive examination in both the primary field and a secondary field.

This program also includes an accelerated version of the two-year M.A. degree program in history listed above. It is available only to UNI undergraduate history majors and allows such students to complete the M.A. degree only year after receiving their B.A. degree. It is a two-phase program, with a preparatory phase and a graduate phase. Upon declaration of an undergraduate major in history, any UNI student may apply to the department for entry into the preparatory phase of the Accelerated M.A. program. The graduate phase of the program begins after the student receives the B.A. degree and is admitted into the graduate program in history.

To be considered for admission into this accelerated program, students must have a UNI cumulative grade point average of 3.50 or above and must apply for entry into the program by the end of their junior year by completing an application for admission to graduate study, which can be found at www.grad.uni.edu/admission.

In order to complete the M.A. in one additional year after the B.A., undergraduate students who are admitted to the preparatory phase of the program will need to enroll in 6 hours of graduate work each semester of their senior year, as provided for in this University Catalog. (See policies and procedures for Graduate Credit as a Senior.) Graduate work completed in this program will be counted as graduate credit on the student’s transcript and will not be counted toward the undergraduate degree. No more than 12 credits of graduate credit may be taken before the B.A. is awarded.

Undergraduate students in the preparatory phase may take no more than 3-9 hours of graduate work each semester of their senior year. Prospective majors must consult with the department head about further requirements prior to beginning their programs.

This program is offered in conjunction with the thesis or non-thesis option. A minimum of 30 semester hours is required of which at least 9 hours comprise public history for either option. The thesis option requires a minimum of 18 hours of 200/6000-level course work, including a total of 6 hours of HIST 6299 (960:299). Students may choose to complete a thesis project in place of a traditional thesis. The non-thesis option requires a minimum of 15 hours of 200/6000-level course work and the completion of a research paper. As a prerequisite for admission to this program, students must have a B.A. in history or at least nine credit hours of history. Successful defense of the thesis/thesis project on the thesis option or successful passage of the written and oral comprehensive examinations with public history as a thematic field on the non-thesis option is required.

Program Certificate
The University of Northern Iowa makes available, in addition to traditional programs, the opportunity for students to earn program certificates. Program certificates provide an alternative to programs leading to a degree, a major, or a minor; they certify that an individual has completed a program approved by the university. For information on the following program certificate, contact the Department of History or the Office of the Registrar, which serves as the centralized registry.

Certificate in Museum Studies
The Museum Studies Certificate exposes students to the array of occupations in the museum industry and provides them opportunity to add an experiential component to their academic education. The certificate is available to upper division undergraduate and graduate students who have completed the introductory course, seminar, internship, and methods and elective courses in their field of study.

The Museum Studies Certificate complements the existing frameworks of department majors. Students will take two or three (depending on variable major requirements) classes (including HIST 4020/5020 (960:125g)/ANTH 3440/5440 (990:125g) Introduction to Museum Studies and ARTHIST 4003/5003/HIST 4003/5003 Collections Care and Management hosted by UNI Gallery of Art and UNI Museum), as well as an internship with a community partner. These internships and electives for the Museum Studies Certificate may be counted towards their major electives and/or university requirements.

The certificate is available every year.
