Bachelor of Arts Degree and Minor Programs

The university offers a variety of interdisciplinary curricula to meet the growing need and interest in work beyond collegiate division. The following undergraduate majors and minors are under the supervision and jurisdiction of several committees, departments, or colleges as indicated. The programs include:

Undergraduate Majors (B.A.)/Minors

- General Studies Major
- Individual Studies Major
- Liberal Studies, Bachelor of
- Interactive Digital Studies Major (p. 2) (also listed in Department of Communication and Media)
- Interactive Digital Studies Minor (p. 3) (also listed in Department of Communication and Media)
- International Business Minor (also listed under College of Business)
- International Business Minor (Non-Business Majors) (also listed under College of Business)
- Russian and East European Studies Minor
- Studies in Sexuality, Women and Gender Minor (also listed under College of Social and Behavioral Sciences)

General Studies Major

The General Studies major requires a minimum of 120 total hours to graduate. This total includes UNIFI/General Education requirements and the following specified major requirements, plus electives to complete the minimum of 120 hours.

This is a diversified liberal arts major supervised by the Coordinator of the Individual Studies Program.

Required

- A minimum of 15 semester hours of 3000/4000-level courses from each of the four colleges for a minimum total hours

Total Hours 45

A General Studies major enables students to take a wide variety of courses from many different departments. This can lead to a well-rounded liberal arts education. The major is not directed toward any particular vocation or certification. The emphasis of this major is on distribution rather than concentration. Each General Studies major student is encouraged to develop a program of study according to their own needs, interests, and career goals. The selection of courses is largely left to the student. Students may not declare a second major and be registered for the General Studies major.

*The four colleges are:

1. College of Business;
2. College of Education;

3. College of Humanities, Arts and Sciences; and

See General Information section for a list of the departments under each college.

(See General Studies program for registered nurses.)

Individual Studies Major

The Individual Studies major requires a minimum of 120 total hours to graduate. This total includes UNIFI/General Education requirements and the following specified major requirements (under the discretion of the Individual Studies Program Coordinator), plus electives to complete the minimum of 120 hours.

Required

- A coherent, interdisciplinary area of study (minimum of 33 hours)

Total Hours 33

An undergraduate thesis, internship, practicum, research project or portfolio may be required for your program of study (1-6 hours).

If it is found the university does not offer the major desired, it may be possible, through the Individual Studies Program, for a student to create her/his own program of study. The purpose of the Individual Studies major is twofold:

1. to enable a student to design an individualized major by selecting courses from several academic departments, and
2. to explore interdisciplinary areas of study before those areas are formally adopted as departmental or interdepartmental majors.

Students interested in this major should have at least one semester's experience in university study before applying. A student shall consult first with the Individual Studies Coordinator concerning the feasibility of designing an Individual Studies major in a particular area. If the university does not have faculty or curricular resources for the area requested, the student will be so advised. Also, if the student does not appear to be academically prepared, or if their plans are not sufficiently clear, specific steps to correct these problems will be recommended.

Once an advisor is appointed, the student and the advisor will develop a list of courses to comprise the proposed major, and an interdisciplinary faculty committee will be selected to take action on the specific program. In some cases, with the approval of the faculty advisor and the program coordinator, an extraordinary amount of independent study may be counted toward the major. In some cases, an undergraduate thesis, internship, practicum, research project or portfolio will be required of this major.

The Individual Studies major is not intended to provide a secondary alternative to existing majors.
Bachelor of Arts Degree and Minor Programs

Liberal Studies Degree, Bachelor of

The Bachelor of Liberal Studies (B.L.S.) program is offered by the three Iowa Regents’ Universities: University of Northern Iowa, Iowa State University, and the University of Iowa. The purpose of the B.L.S. is to offer educational opportunities to those students who are unable to attend college as full-time, on-campus students. Students often use guided independent study and other distance learning opportunities to earn credit. This major may not be declared with any other major.

See Undergraduate Degree Requirements section for further details regarding this degree.

Interactive Digital Studies Major

The Interactive Digital Studies (IDS) major is interdisciplinary in nature and is under the jurisdiction of the Department of Communication and Media. The Interactive Digital Studies major requires a minimum of 120 total hours to graduate. This total includes UNIFI/General Education requirements and the following specified major requirements, plus electives to complete the minimum of 120 hours.

An additional literature or language class, with the approval of a REES advisor. A Russian/East European topics course or seminar, with the approval of a REES advisor **,***

**Total hours*** 18-29

* Four semesters. Must include fourth-semester course in Intermediate Russian Language and Culture II or equivalent Slavic/East European language satisfied through, for example, transfer credit. Students may also satisfy the language requirement through native or heritage (home-based) knowledge of a Slavic/East European language. Students wishing to satisfy the language requirement in this manner may have to complete a language placement exam. Finally, students who do satisfy the language requirement through native/heritage knowledge will be required to complete 9 hours of course work in lieu of the 12-20 hours of language study. This will be arranged with the student’s REES advisor.

** Several UNI departments (e.g., History) occasionally offer topics courses or junior-senior seminars on Central and Eastern Europe, and Eurasia. Consult a REES advisor each semester on these offerings.

*** The low range of 18 credit hours will apply only to students satisfying the language requirement through native or heritage knowledge. The low range for students satisfying the language requirement through normal class language study will be 21 credit hours.

Study Abroad: Students are strongly encouraged to study abroad for at least one summer, preferably one semester. Study abroad may be used to satisfy program requirements for language or non-language course work, with the approval of a REES (Russian and East European Studies) advisor.

**Studies in Sexuality, Women and Gender Minor**

Studies in Sexuality, Women and Gender Minor is an interdisciplinary and multicultural program that engages in research and exploration...
Bachelor of Arts Degree and Minor Programs

concerning all areas of human experience. Its unique perspective strengthens the abilities of students within any major to critically analyze theory and research emphasizing the importance of gender while including other essential categories of analysis such as race, class, sexuality, ethnicity, and nationality. This 18 credit hour program provides skills that are useful to all majors. This program is offered under the jurisdiction and general supervision of the College of Social and Behavioral Sciences. For more information, contact the Women's and Gender Studies office, Sabin 225, wgs@uni.edu, or csbs.uni.edu/womenstudies.

Bachelor of Liberal Studies, B.L.S.

Four essential student learning outcomes have been identified for the Bachelor of Liberal Studies and General Studies majors. They are:

1) effective written communication;
2) critical thinking;
3) information literacy and
4) integrative learning.
These student outcomes are expressly meant to prepare GS and BLS students for success in a rapidly changing, globally competitive and culturally diverse world and to lead productive and responsible lives. The details of each outcome are defined as follows:

# Learning Outcome #1: Effective written communication – written communication is the development and expression of ideas in writing. For written communication to be effective, one must possess the ability to use written language in a precise and user-friendly way in order to clearly express oneself to the intended audience. Students will achieve this goal by:

- Composing and presenting effective written messages with a variety of audiences using appropriate academic discourse and technologies.
- Scoring a 4, 3, or 2 for all components within the AAC&U Written Communication VALUE Rubric for artifacts submitted to demonstrate written communication.

# Learning Outcome #2: Critical thinking – critical thinking is the comprehensive exploration of issues, ideas, artifacts and events before accepting or formulating an opinion or conclusion. To exercise critical thinking, one must possess the ability to engage in reflective and independent thinking and understand the logical connection between ideas. Students will achieve this goal by:

- Clearly identifying an issue or problem and carefully analyzing it using relevant sources of information in order to formulate logical conclusions.
- Scoring a 4, 3, or 2 for all components within the AAC&U Critical Thinking VALUE Rubric for artifacts submitted to demonstrate critical thinking.

# Learning Outcome #3: Information literacy – information literacy is the ability to know when information is needed. To be an information literate person, one must be able to identify, locate, evaluate and effectively use sources of information for an issue or problem at hand. Students will achieve this goal by:

- Determining the extent of information needed, accessing information using well-designed strategies and evaluating it critically through ethical and legal means.
- Scoring a 4, 3, or 2 for all components within the Information Literacy Rubric (adopted from the AAC&U Information Literacy VALUE Rubric, the ACRL Information Literacy Framework and the PALNI consortium information literacy learning objectives) for artifacts submitted to demonstrate information literacy.

# Learning Outcome #4: Integrative Learning – integrative learning is the ability to make connections across disciplines. To effectively use integrative learning, one must be able to make connections among ideas and experiences and transfer learning to new situations. Students will achieve this goal by:

- Connecting relevant experience and academic knowledge across disciplines and applying them to new situations.
- Scoring a 4, 3, or 2 for all components within the AAC&U Integrative Learning Rubric for artifacts submitted to demonstrate integrative learning.

General Studies, B.A.

Individual Studies, B.A.

This program operates differently with regard to learning outcomes (since it provides a mechanism to create a major). Establishing learning outcomes for the Individual Studies program is in progress.
